# OFFICIAL DIRECTORY OF THE EUROPEAN UNION

2012

## Note to the reader

This publication appears in three languages: English, French and German.

It contains the organisation charts of the institutions, bodies and agencies of the European Union. An identical electronic version, updated every week, can be consulted on the site <http://whoiswho.europa.eu>

The personal data in this directory are provided by the institutions, agencies and bodies.

The data are presented following the established order where there is one, otherwise by alphabetical order, barring errors or omissions.

If you detect any errors, please report them to:

**whoiswho@publications.europa.eu**

Because of the number and the complexity of the titles of posts in all the various language versions, we are unable to systematically provide their feminine/masculine variants. We have therefore opted for a single title, which should be regarded as neutral.

*Most of the information included in this directory was updated on 1 July 2012.*

*The use of this information for direct-marketing purposes is illegal.*

***Europe Direct is a service to help you find answers to your questions  
about the European Union***

More information on the European Union is available on the Internet (<http://europa.eu>).

Cataloguing data can be found at the end of this publication.
